Violation No. 1

Standard Condition

The defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, or administer any narcotic or other controlled substance, or any paraphernalia related to such substances, except as prescribed by a physician.

Nature of Noncompliance

On or about November 3, 2021, the defendant used methamphetamine as evidenced by his positive urinalysis drug test submitted on that date.

U.S. Probation Officer's Action

On November 5, 2021, the defendant admitted he used methamphetamine and signed a written admission. The defendant was verbally reprimanded for his use and the possible consequences were discussed should he continue to use methamphetamine or continue to associate with people that are using the illegal substance. Furthermore, he was scheduled for an updated substance abuse evaluation on November 8, 2021.

Violation No. 2

Standard Condition

7

The defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, or administer any narcotic or other controlled substance, or any paraphernalia related to such substances, except as prescribed by a physician.

Nature of Noncompliance

On November 11, 2021, the defendant used methamphetamine as evidenced by his positive urinalysis drug test submitted on that date.

U.S. Probation Officer's Action

See Violation No. 3

Violation No. 3

Standard Condition

7

The defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, or administer any narcotic or other controlled substance, or any paraphernalia related to such substances, except as prescribed by a physician.

Nature of Noncompliance

On or about November 22, 2021, the defendant used methamphetamine as evidenced by his positive urinalysis drug test submitted on that date and his verbal admission on December 6, 2021.

U.S. Probation Officer's Action

On December 6, 2021, the defendant was confronted in response to the positive drug test submitted on November 11, 2021, and he was informed the drug test collected on November 22, 2021, was presumptive positive for amphetamines. He verbally admitted using methamphetamine on those dates.

Petition for Warrant
Joshua Michael Beckstead

His substance abuse evaluation had been rescheduled by the Mercer Family Resource Center twice with results returned on November 29, 2021, recommending level 2.1 intensive outpatient treatment (IOP). The defendant was scheduled to commence IOP at the Self Help Center the evening of December 6, 2021.

On December 6, 2021, the defendant signed a *Waiver of Hearing to Modify Conditions of Supervised Release*, agreeing to home detention with Radio Frequency (RF) monitoring for 60 days. It was believed home detention with location monitoring was the best course of action to reduce community access and provide structure, allowing the defendant to focus on substance abuse treatment.

Violation No. 4

Special Condition

The defendant shall be monitored by Radio Frequency (RF) Monitoring for a period of 60 days and shall abide by all technology requirements. The telephone line used for electronic monitoring shall not have any special features or services that may interfere with the functioning of the location monitoring equipment. The defendant shall comply with a schedule established by the supervising officer. The defendant shall pay all or part of the costs of participation in the location monitoring program as ordered by the Court and as directed by the probation officer.

The defendant shall be restricted to his residence at all times except for employment; education; religious services; medical, substance abuse or mental health treatment; attorney visits; court appearances; court-ordered obligations; or other activities pre-approved by the probation officer.

Nature of Noncompliance

On January 20, 2022, the defendant cut off his ankle monitor at approximately 9:28 p.m. and absconded from supervised release.

U.S. Probation Officer's Action

After receiving the alert of an equipment tamper, this officer immediately attempted to contact the defendant via telephone and text message to no avail. Subsequent contact with the defendant's roommate revealed the defendant was not at his residence, and the ankle unit had been cut and was sitting next to the base unit. This officer collected the location monitoring equipment from the defendant's residence on January 21, 2022, and confirmed the defendant's current whereabouts are unknown. A *Petition for Warrant for Offender Under Supervision* is submitted to the Court.

Penalties for Supervised Release Violations:

Statutory Penalties: According to 18 U.S.C. § 3583(e)(3), the Court may revoke a term of supervised release and require the person to serve in prison all or part of the term of supervised release authorized by statute for the offense that resulted in such term of supervised release without credit for time previously served on post-release supervision. The maximum revocation term of custody for a Class C Felony is 2 years.

Pursuant to 18 U.S.C. § 3583(h), if supervision is revoked and the defendant is sentenced to a term of imprisonment, the Court may sentence the defendant to an additional term of supervised release. The length of such a term of supervised release shall not exceed the term of supervised release authorized by statute for the original offense, less any term of imprisonment imposed upon revocation of supervised release.

Guideline Penalties: In the case of revocation of supervised release, the applicable term of imprisonment is found in the Sentencing Guideline Table under 7B1.4(a). This section states that for Grade C Violations with a Criminal History Category of VI, and where the defendant was on supervised release as a result of a sentence for a Class C felony, the applicable imprisonment range is 8 to 14 months.

Petition for Warrant
Joshua Michael Beckstead

Pursuant to U.S.S.G. § 7B1.3(g)(2), the term should not exceed the original term of supervised release authorized by statute less any term of imprisonment imposed upon revocation.
